

PREMIUM INVERTER DUCTED

Available in	Reverse Cycle (Heating & Cooling)
Capacities	5.1kW, 6.0kW, 7.1kW, 10.0kW, 12.5kW, 14.0kW, 16.0kW, 18.0kW, 20.0kW, 24.0kW
Refrigerant	R410A

Daikin Premium Inverter provides superior comfort in next to no time.

Engineered to deliver remarkable energy performance, design flexibility and R22 retrofit capability, the Premium Inverter Ducted range is perfect for providing discreet air conditioned comfort throughout your entire home.

[Warranty info](/warranty/) (/warranty/)

Only need to replace the indoor and outdoor unit

The Daikin Premium Inverter can be retrofitted onto an existing R22 system by simply replacing both the indoor and outdoor units whilst retaining the field piping intact*.

R22 RETROFIT CAPABILITY

Key Features

It's the unique features of Daikin products that makes us the world leader.

Industry Leading Energy Performance

Inverter Technology

Minimum Energy Performance Standards

Daikin Premium Inverter Ducted

Daikin's Premium Inverter Ducted air conditioning system provides superior comfort in next to no time.

Daikin Australia: Premium Inverter Ducted System

Controllers

Nav Ease Controller

Zone Controller

Daikin Airbase

Daikin's 5-year parts and labour warranty applies to split, multi split and ducted air conditioners purchased and installed in homes across Australia

5 Year Warranty

PREMIUM INVERTER DUCTED Technology

1 INDOOR HEAT EXCHANGER

Our new indoor heat exchangers have been designed to deliver maximum capacity output in a compact casing size. Through the use of cutting edge technologies, our indoor heat exchangers utilise Ø5mm copper pipes to ensure heat is removed from your home efficiently.

2 DC FAN MOTOR

Daikin indoor units are equipped with a high efficiency DC fan motor. By utilising high power permanent magnets instead of the induced magnetism of conventional AC motors, Daikin's DC motor can deliver significantly higher motor efficiency.

3 SIROCCO FAN

Daikin's ducted units are fitted with light weight single injection moulded Sirocco Fans. These fans feature an aerodynamic fan blade design which reduces turbulence for a more efficient and quieter airflow delivery.

4 PMV CONTROL

In automatic mode, Predicted Mean Vote control measures indoor and outdoor temperatures to calculate the ideal room temperature. As conditions change throughout the day, PMV Control gently adjusts your room temperature, maintaining an optimum balance between efficiency and comfort.

Technical Specifications

Available Options:

System:	Reverse Cycle
Capacities:	5.1kW, 6.0kW, 7.1kW, 10.0kW, 12.5kW, 14.0kW, 16.0kW, 18.0kW, 20.0kW, 24.0kW
Indoor Type:	Ducted
Power Supply:	1 Phase, 220-240, 50Hz or 3 Phase, 380-415v, 50Hz
Refrigerant:	R410A

Ducted Systems

A Daikin ducted system provides discreet air conditioned comfort throughout your entire home. It can be installed in a new home or tailored to suit an existing one, and once installed, only the controller, the return air and discharge grilles are visible inside your home.

The best air anywhere.

Why choose Daikin?

Experts in Air Conditioning

As specialists, air conditioning is all we do. We take pride in designing products that provide clean, efficient, and superior comfort in the places we live, work and play.

Specialist Dealer Network

With over 450+ strong dealer network, Daikin is available through our Specialist Dealer network, who will assess, plan and install the right air conditioning solution for your home.

Quality After Sales Support

Our comprehensive range of services from our dedicated after sales support team will ensure the long term durability and keep your Daikin running smoothly for many years to come.

Sensitive Choice® Approved

Daikin's split system air conditioners are approved by the National Asthma Council Australia Sensitive Choice® program, and are the only split systems that carry the blue butterfly symbol.
