

SLIM-LINE DUCTED

| | |
|--------------|--|
| Available in | Reverse Cycle (Heating & Cooling) |
| Capacities | 5.0kW, 6.0kW, 7.1kW, 8.5kW, 10.0kW, 12.5kW, 14.0kW |
| Refrigerant | R32 |

Designed specifically to suit installations where ceiling space is at a premium, our Slim-Line Ducted series has unparalleled flexibility and freedom of design.

Ideal for narrow ceiling spaces or under the floor, this ducted system meets the challenges of modern commercial and medium density apartment development.

[Warranty info](/warranty/) (/warranty/)

All Daikin air conditioners exceed MEPS requirements, in line with Daikin's commitment to providing energy efficient, quiet, simple to use and reliable air conditioning solutions.

Minimum Energy Performance Standards

Key Features

It's the unique features of Daikin products that makes us the world leader.

Slim-Line Indoor

Design Flexibility

R22 Retrofit Capability

Automatic Airflow Adjustment

Flexible Return Air

Built-in condensate pump

Controllers

Nav Ease Controller

Zone Controller

Daikin Airbase

Daikin's 5-year parts and labour warranty applies to split, multi split and ducted air conditioners purchased and installed in homes across Australia

5 Year Warranty

SLIM-LINE DUCTED Technology

1 5MM HEAT EXCHANGER PIPE

By adopting the use of 5mm heat exchanger pipe, Daikin's slim-line ducted was able to achieve an industry leading low profile height of 245mm.

2 BUILT-IN DRAIN PUMP

Condensate drain pump with a lift of up to 850mm is built into the unit without sacrifice to the unit's slim form factor.

3 AUTOMATIC AIRFLOW ADJUSTMENT

Coupled with DC fan motor and smart control logic, fan speed can be automatically adjusted to suit your duct design for simplified commissioning.

4 DC FAN MOTOR

By utilising high power permanent magnets instead of induced magnetism of conventional AC motors, Daikin's DC motor can deliver significantly higher motor efficiency.

Technical Specifications

Available Options:

| | |
|---------------|--|
| System: | Reverse Cycle |

Ducted Systems

A Daikin ducted system provides discreet air conditioned comfort throughout your entire home. It can be installed in a new home or tailored to suit an existing one, and once installed only the controller, the return air and discharge grilles are visible inside your home.

The best air anywhere.

Why choose Daikin?

Experts in Air Conditioning

As specialists, air conditioning is all we do. We take pride in designing products that provide clean, efficient, and superior comfort in the places we live, work and play.

Specialist Dealer Network

With over 450+ strong dealer network, Daikin is available through our Specialist Dealer network, who will assess, plan and install the right air conditioning solution for your home.

Quality After Sales Support

Sensitive Choice[®] Approved

Our comprehensive range of services from our dedicated after sales support team will ensure the long term durability and keep your Daikin running smoothly for many years to come.

Daikin's split system air conditioners are approved by the National Asthma Council Australia Sensitive Choice® program, and are the only split systems that carry the blue butterfly symbol.
