System Overview

Through the intelligent Touch Manager (ITM), you can now control all Daikin VRV, Sky and RA products simply and conveniently. Each ITM is equipped with a single DIII Net port that enables control over 64 indoor unit groups and up to 10 outdoor systems.

system capacity up to 512 indoor unit groups and 80 outdoor systems.

To enable the control and monitoring of ancillary devices such as lights, fans, pumps etc. Daikin's ITM utilizes the Wago I/O system. The versatile, compact and scalable nature of the Wago I/O system complements the Intelligent Touch Manager for comprehensive control of your building's air-conditioning requirements.
